

Why Attend a 2020 Safety Session?

Midwest Alliance for Patient Safety

Federally Listed Patient Safety Organization

- Tools/resources from National Speakers & Top Performing IL Healthcare Facilities
- Shared Lessons
- Continuing Education

Ask the Participants!

“The member stories and subject matter experts shared great information that we can bring back to our hospital”

“Great group collaborate and learning strategies.”

This event is complimentary for Great Lakes Partners for Patients (GLPP) HIIN members of IHA, MHA, & WHA and MAPS members.

We encourage you to send educators, frontline staff, or clinical leaders to take advantage of these offerings. There is no registration limit to the number of staff from a facility. Clinical teams are welcome!

CMS rules prohibit provision of food and beverages at HIIN events. Please feel free to bring water, coffee, etc. and a snack with you.

The Illinois Health and Hospital Association is the CE sponsor of this program and the Midwest Alliance for Patient Safety is the host and content developer.

What is a Safety Session Event?

It's a unique event focused on learning. Midwest Alliance for Patient Safety (MAPS) convenes healthcare providers to share patient safety experiences, discuss best practices, and learn from leading speakers and each other through collaboration.

Every Safety Session presents a subject-matter expert and an Illinois healthcare organization sharing real-life experiences and processes focused on harm reduction. Wrapping up the event, the MAPS team facilitates break out group discussions to reinforce the day's curriculum. Attendees will share adverse events, challenges, and lessons learned. All information is de-identified to ensure an optimal learning environment.

This MAPS facilitated Safety Session is sponsored by the GLPP IHA HIIN initiative.

To learn more, please contact: **Carrie Pinasco, BS, CDM, BCQS**, Senior Director, Quality, Safety, & Health Policy, Institute for Innovations in Care and Quality
Email: cpinasco@team-iha.org

Two convenient meeting locations: Naperville and Springfield, IHA Office or remote via video conferencing

For details, contact Tammy De Leonardis at MAPSHELP@team-iha.org - P: 630-276-5588

Pressure injury prevention (PIP): Identifying Gaps in Care and Adopting Cross Cutting Strategies to Reduce Harm Across the Board

Wednesday, February 12, 2020 - 10:00 am – 4:00 pm

Pressure injuries cause extensive health issues and are one of the largest challenges organizations encounter on a daily basis. Patients who develop a pressure injury experience longer lengths of stays, higher mortality and higher cost of care. High risk populations such as the elderly and those critically ill patients are known to experience pressure injuries more frequently because they maybe hemodynamically unstable, have increased use of medical devices and receive vasoactive drugs.

Participants will learn the importance of present on admission documentation, coding opportunities and solutions. We will explore cross cutting strategies to reduce harm across the board through Integrating PFE, Safe Patient Handling and Mobility into PIP.

Learning Objectives:

At the end of this presentation, the participants will be able to:

1. *Identify hospital specific gaps in pressure injury prevention (PIP) care for patient populations served in the OR, ER and ICU.*
2. *Discuss PIP engagement strategies for patients and families as partners in care*
3. *Determine which technical and socio-cultural best practices will transform PIP on their unit or hospital.*

CE Statement: As the sponsor of the didactic lecture with interactive exercises, the Illinois Health and Hospital Association (IHA) is authorized by the State of Illinois Department of Financial and Professional Regulation (license number 236.000109) to award up to 4.75 hours of nurse continuing education credit for this program.

- 10:00 – 10:15 am – Intro to the Day's Programming, Kelly McMahon, MHA, CPHQ, CPPS
- 10:15 – 10:45 am – *Building Capacity and thinking differently, Leadership support, & Socio adaptive strategies*, Jackie Conrad, MBA, BS, RN, RCC and Group Sharing
- 10:45 – 11:15 – *Value Proposition – Follow the Money: Present on Admission/ Documentation/Coding Opportunities and Solutions* - Jackie Conrad, MBA, BS, RN, RCC
- 11:15 – 11:45 – *Hospital Story- Reducing healthcare-associated pressure injuries with wearable technology*-Teresa McConkey, RN, MSN, MBA-HC
- 11:45 – 12:15 – *Cross Cutting Strategies to Reduce Harm Across the Board: Integrating Patient Family Engagement, Safe Patient Handling and Mobility into PIP*, Jackie Conrad, MBA, BS, RN, RCC
- 12:15 – 1:15 – *Lunch on your own*
- 1:15 – 1:45 – *Best Practice Approach Part 1: Application of the SSKIN Bundle*, Jackie Conrad, MBA, BS, RN, RCC
- 1:45 – 2:30 – *Best Practice Approach Part 2: Application of the SSKIN Bundle*, Jackie Conrad, MBA, BS, RN, RCC
- 2:30 – 2:55 – *Lessons learned from the field & Small Tests of Change*, Jackie Conrad, MBA, BS, RN, RCC and Group Sharing
- 2:55 – 3:05 – *Break*
- 3:05 – 3:45 – *Larger Group Facilitated Discussion & Sharing– all participants (video shared to both locations, as well as, MHA and WHA)* Jackie Conrad, MBA, BS, RN, RCC & MAPS/HIIN Team.
- 3:45 – 4:00 – *Next Steps and Closing Remarks*, Kelly McMahon, MHA, CPHQ, CPPS
